

KOREA ASKS PEACE CONFERENCE TO FREE HER FROM JAPAN'S RULE

PEKING, Feb. 28.—The members of the "independence committee," representing the Korean people living in China, have presented to the American Minister a petition asking that the United States government intercede with the Peace Conference in behalf of the Korean people. The document is as follows:

TO RETAIN RAILROADS National Control to be Continued.

Congress is to be Given Time
for Legislation Before
Wilson Acts.

Administration Attitude Made
Known to the Senate by
Director-General.

WASHINGTON, Feb. 28.—Uncertainty over the status of railroads in the immediate future was largely removed today by Director-General Hines' announcement after conferring with President Wilson that the government would not turn the roads back to private management until Congress had more opportunity to consider permanent legislation.

With the temporary status determined, the Railroad Administration will go ahead vigorously with the program for making improvements and extensions, both for the sake of the rail properties and to stimulate the demand for materials and labor during the reconstruction period. Another effect will be the increased use of waterways in accordance with Director-General Hines' expressed policy.

MINES LETTER.
The letter follows: "As you are aware, there has been some inquiry as to whether there might be an immediate or premature return of the railroads to private management. The Railroad Administration has indicated whenever this inquiry has been made that it would not recommend that any such step be taken."

SNOWSLIDES BLOCKADE COLORADO RAILROADS.

DENVER (Cable). Feb. 28.—Snowslides following heavy snowstorms of the last few days today virtually paralyzed train service in the mountainous region of Colorado and resulted in one death as far as known.

The death, that of Charles Birkley, a locomotive engineer, occurred when a slide hit four Denver and Rio Grande engines which were stuck in snow in Cumbres Pass, which is blocked with snow for twenty-three miles.

"Your Excellency: We Koreans, who are exiles in China, respectfully present our case to the American Minister to China and ask him to aid in our behalf."

"Following the violent seizure of Korea by Japan, the Korean people were nearly exterminated. Now, by the grace of God, the European war has been ended and the powerful monster has been destroyed. The great President of your country, upholding human rights, has declared that peoples have the right of self-determination. From the depth of their bitterness the Korean people look to him with sincere gratitude and beg Your Excellency to convey to your government our prayers that the Peace Conference take up the problem of bettering the condition of our voiceless nation, containing 2,000,000 oppressed people."

"Firstly, under pressure of Japan the Korean people were forced to accept the Korean claims."

"Secondly, the kingdom of Korea during the last few hundred years of its existence paid tribute in native produce to China. China did not interfere with the internal administration of the country, which had its own administration and was entirely independent."

"Thirdly, using as a pretext the independence of Korea, Japan went to war with China in 1914 and 1915. The treaty of Shimonoeki admitted the independence of Korea, which was recognized by various foreign powers. Japan's assistance of Korea was only a pretext for the purpose of robbing Korea of its sovereignty and was actually in fulfillment of Japan's purpose to injure the Korean administration."

"Fourthly, in 1904 Japan went to war with Russia. She declared that the war was fought to maintain the independence of Korea."

"Fifthly, Japan annexed Korea in 1910, abandoning her national honor and treaty obligations. The act was in total defiance of moral principles. That was an age when might was right and no nation offered objection or extended pity to Korea."

"Sixthly, under pressure of Japan the Korean people were forced to accept the Korean claims."

"Seventhly, one man, Li-War Yung, knew about this act. Can one man give privately one nation to another nation? Is it a thing to be pawned? This was not the action of the nation, but of its Emperor."

"Eighthly, Japan surrounded the Emperor's place with troops of a model army and spies were placed everywhere to terrorize the Koreans."

"Ninthly, paying them well, Japan bought the traitors of Korea. Many refused to accept the filthy money, and those who could not be bought were imprisoned."

"Tenthly, Japan surrounded the Emperor's place with troops of a model army and spies were placed everywhere to terrorize the Koreans."

"Eleventhly, Japan surrounded the Emperor's place with troops of a model army and spies were placed everywhere to terrorize the Koreans."

"Twelfthly, Japan surrounded the Emperor's place with troops of a model army and spies were placed everywhere to terrorize the Koreans."

"Thirteenthly, Japan surrounded the Emperor's place with troops of a model army and spies were placed everywhere to terrorize the Koreans."

"Fourteenthly, Japan surrounded the Emperor's place with troops of a model army and spies were placed everywhere to terrorize the Koreans."

FEARS WAR FROM PACT. Lodge Says League Perils Nation.

Hitchcock Ridicules Warning
Made by the Republican
Senate Leader.

Massachusetts Senator Delivers
Prepared Address Before
Chamber.

WASHINGTON, Feb. 28.—Republican Senators today returned to their assault on the constitution of the League of Nations as proposed to the Peace Conference at Paris. Senator Lodge of Massachusetts, who will be chairman of the powerful Foreign Relations Committee in the new Senate, made his first pronouncement since the document became public.

Criticism by the Republicans did not pass unchallenged. Chairman Hitchcock of the Foreign Relations Committee took sharp issue with the Massachusetts Senator, denouncing his proposals as "a suggestion that the League of Nations would be a disaster to the United States."

Delivering before a crowded floor and galleries an address he had prepared before attending the White House dinner conference last Wednesday night, Senator Lodge attacked the League of Nations as a "disaster to the United States."

Senator Lodge declared that the League of Nations was a "disaster to the United States."

Senator Lodge declared that the League of Nations was a "disaster to the United States."

Senator Lodge declared that the League of Nations was a "disaster to the United States."

Later Dispatches

Not in "War Veterans"

NEW YORK, Feb. 28.—Denial was made today by Maj. Tompkins McVane and Capt. Archibald Roosevelt that they are connected in any way with the "World War Veterans of America," recently incorporated to form a national army and navy association.

In this connection they stated that the army league is in process of formation, whereas by officers and enlisted men "with distinguished records," whose representatives are on their way to this city to include in this association all discharged members of the American forces in this country "with a view to establishment of a national non-partisan army league for the purpose of promoting comradeship and devotion to the service of the nation."

The best previous climbing performance, according to the War Department records, was 10,000 feet in a little more than six minutes.

Hold Slayer Suspect

BERLIN, Feb. 28.—Lindner, a Munich butcher, who early in the week was said to have been the man who shot and killed Herr Auer, the Bavarian Minister of the Interior, now is under arrest.

The Berlin Vorwarts last Tuesday asserted the shooting of Auer, in the Bavarian Diet, was done by a man named Lindner. The newspaper and other newspapers said Lindner gained access to the chamber through connivance of republican soldiers who had been informed of Lindner's intention to kill Auer.

Labor Opposes Dry Law

SAN FRANCISCO, Feb. 28.—The San Francisco Labor Council, which has an estimated membership of 40,000 workers, adopted a resolution expressing opposition to national prohibition and urging that the prohibition amendment be defeated by referendum.

After declaring that labor in California has gone repeatedly on record on national prohibition, the resolution reads:

"We earnestly request each citizen and voter to assist in this campaign [the referendum] to defeat the menace of prohibition."

Won't Barter Morocco

MADRID, Feb. 28.—(Havas.) Count Romanones, Spanish Premier, denied today he had said Spanish Morocco would be bartered. The Premier said he still favored the status quo, but he desired it should be determined definitely.

Recently there was some talk of Great Britain relinquishing Gibraltar to Spain in return for Spanish Morocco. Unofficial denial of the report was made.

San Clara Head Dies

SAN JOSE, Feb. 28.—The Rev. Aloysius Brunengo, seventh president of Santa Clara University, then a college, died here tonight, aged 73 years. He was a native of Italy and was educated in Rome. He was president of the university from 1875 to 1880 and subsequently head of the physics departments of St. Ignace and Santa Clara.

THREAT TO GAG CHINA. Japan Objects to a Review of Pacts.

Revelation of Secret Treaties
by Delegates from Peking
Causes Anger.

Tokio Protests Documents Being
Submitted Before the
Peace Conference.

WASHINGTON, Feb. 28.—Admitting that China was coerced in signing the secret treaties extending Japanese influence over the Asiatic mainland, Tokio, it became known today, has assumed a threatening attitude toward Peking and served notice that the course being pursued by the Chinese delegates at Paris, if persisted in, "will be suicidal to China's own interest."

It transpired some time ago that Japan wrung the secret treaties from China by means of a naval demonstration and a threat of war. That there was nothing extraordinary in this is contended in an authoritative Japanese statement obtained here today, which says:

"The Chinese delegates to the Paris Peace Conference are accusing Japan of many imaginary injustices, and threatening to publish all the secret documents that passed between Japan and China incident to the treaty of 1915 in the hope that this treaty will be nullified by the Peace Conference. In assuming that position they are acting contrary not only to the interest of the world peace, but also to the interest of their own country."

SCRAPS OF PAPER.

"It is a well-known fact that the flagrant violation by Germany of the treaty guaranteeing the perpetual neutrality of Belgium was the immediate cause which drove Britain into the war, and was also one of the principal causes of precipitating America into this world war. The Peace Conference at Paris has, in fact, for one of its principal objects the conservation, in the treaty of peace, of the inviolability of international contracts, a transgressor of which is to be looked upon as the common enemy of all the civilized nations. And it is to this international court that the Chinese are appealing to have their treaty with Japan cancelled, to have it treated as a scrap of paper."

"The treaty of 1915, however, it is contended, by China, was concluded under duress, and therefore is void. But a glance at the modern history of China will show that most, if not all of her foreign treaties were negotiated and concluded under duress. In fact, her consent in most cases was only obtained through military or naval intimidation, and the concessions granted were without any compensation whatever to China. The marked difference between all these other foreign treaties and that of 1915 is that China is abundantly compensated in the treaty with Japan. Therefore, if the treaty with Japan is to be nullified, then all other treaties should likewise be nullified."

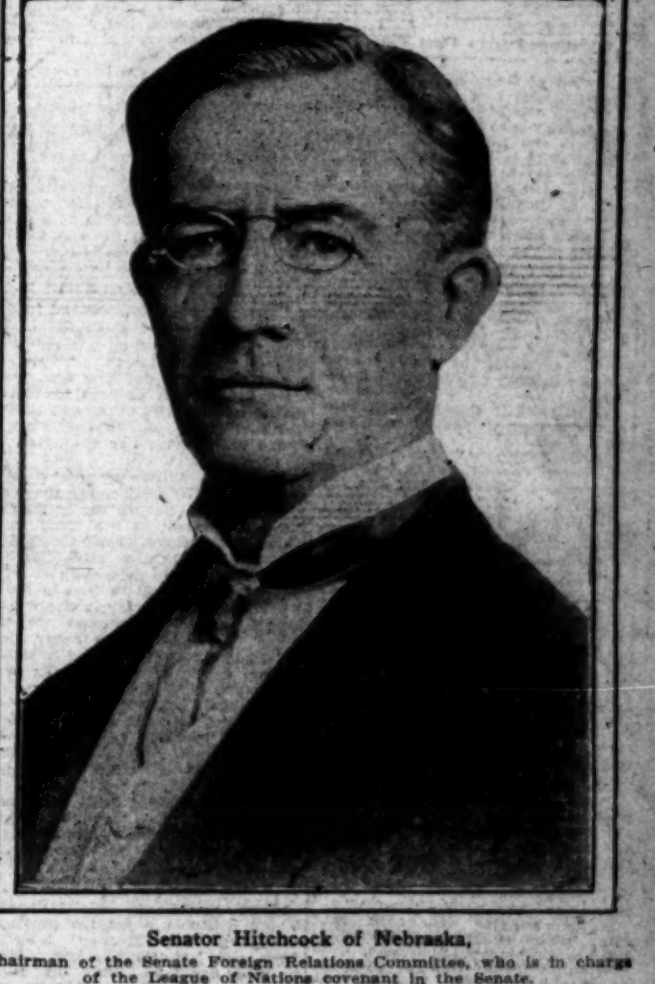

"It is sincerely regretted that this most important advantage, according to China from the treaty of 1915 in the recovery by China through Japan without the shedding of her blood, of one of her most precious heritages should now be overlooked by the zealous patriots of China."

JAPAN HOLDS TIGHT.

"It goes without saying that if the treaty of 1915 were adjudged waste paper and void ab initio, the present position of Japan would not be changed. In other words, Japan by right of conquest is entitled to remain in Shanghai for the rest of the period for which Kiao Chou was leased to Germany, unless Japan should renounce her belligerent position."

Leads Senate Fight for Nations' League

DUTCH HALT HUN PLOTTING Governor of Utrecht Warns ex-Kaiser Against Intrigue.

AMSTERDAM, Thursday, Feb. 27.—The Dutch governor of Utrecht, who has surveillance over the former German Emperor, visited the castle of Count von Bentinck last night, supposedly in connection with the recent activities of William Hohenzollern and German officials who have visited him. Since publication in Holland of Associated Press dispatches telling of these visits, the officials have ceased to come here.

The former monarch has not gone beyond the castle grounds in the past nine weeks, and apparently has no intention of moving to another location, although many reports have been current regarding the leasing of the castle at Hardenbroek, near Doorn, which belongs to another member of the Order of St. John of Jerusalem. The correspondent visited Hardenbroek and found the castle mentioned to be almost entirely unfurnished. The only point in its favor is its lonely position, a mile from any other habitation.

Hohenzollern's attendants also deny any intention of moving, and the castle is strengthened by further precautions recently taken around the castle. Von Bentinck castle to shield its guest from the public gaze. The castle is surrounded by a high wall and the garden have been thickly boarded and topped with barbed wire.

While the Kaiser's personal daily task of sawing wood for three hours, his wife strolls about the grounds alone. The former ruler is engaged afterwards in replying personally to thousands of letters of greeting, received on the occasion of his recent birthday. It is reported several efforts have been made by his supporters to induce him to return to Germany, but without success.

The German government apparently continues to pay the salaries of the former Kaiser's servants, and even makes arrangements for them to be relieved at regular intervals, although his staff is much smaller than hitherto. Count Chamberlain von Bentinck, who has been in attendance upon his former imperial master, left today for a visit to Germany, accompanied by the younger von Bentinck, who formerly was in the German navy.

REMARK ON IRISH DENIED.

WASHINGTON, Feb. 28.—Just what was said about Ireland at the White House dinner conference Wednesday night was the subject of interested discussion at the Capitol today after Secretary Tumulty had issued a denial of one statement attributed to President Wilson. What Mr. Tumulty specifically denied and said on behalf of the President was "a deliberate falsehood" was the following:

"The President told the committee that the Irish question was a matter between Ireland and England, and that Ireland would not have any voice in the Peace Conference at present."

Mr. Tumulty said he did not know what papers had published the above, but that it had been quoted in a telegram to the White House. Many messages of protest are said to have been received from Irish organizations, based on various reports of the mention of Ireland at the conference. Mr. Tumulty declined to add anything to his formal denial when asked what the President did tell his guests.

ITALY ACCLAIMS WILSON FOR EFFORTS TO GIVE WORLD ETERNAL PEACE.

WASHINGTON, Feb. 28.—Premier Orlando today cable a personal message to President Wilson, declaring that "the whole Italian people comprehend and acclaim with joy the high value and everlasting significance" of the League of Nations. The message follows:

In Paris, the heart of heroic France, through the high and persevering desire of a great leader of a great people, the nations who have fought together for the liberty and justice of the world also have determined together in the sanctity of a solemn covenant, and in the name of liberty and justice of all peoples, to establish a peace which shall reign supreme over the future destinies of the world.

To this covenant, which shall be the intangible character of humanity, Italy, who in the past and in the present has always championed the cause of right and proclaimed and consecrated it with her laws and with her blood, brings the contribution of her assent with fervid expression and deep conviction.

Our hearts, with sincere faith, celebrate this event, which is and will remain one of the most memorable in human history, and it is fitting that the whole Italian people comprehend and acclaim with joy its high value and its everlasting significance.

MRS. J. L. PIKE IS REPORTED MISSING.

J. L. Pike of the Pike Automobile and Wagon Works, 220 West Forty-seventh place, reported to the police last night that his wife is missing. She recently suffered from influenza and Mr. Pike fears she may have taken ill while downtown yesterday and has been unable to get home. When she left the house she said she was going to see a dentist. Mr. Pike's telephone number is South 1244-J and he asks anyone who has any information regarding his wife's whereabouts to call him.

HITCHCOCK Terms Preposterous Lodge's Warning that League Bars Right of Self-Defense.

LODGE OPPOSES LEAGUE PLANS.

Senator Delivers Prepared Address in Senate.

Sharp Differences of Opinion are Voiced in Debate.

Republican and Democratic Leaders Clash.

(Continued from First Page.)

Hardwick of Georgia, Democrat, after Lodge had finished Senator Hitchcock took the floor. "I desire," said Mr. Hitchcock, "to repudiate the suggestion that the league would in the slightest degree limit the privilege and the duty of any nation, the United States or any other, to defend itself when attacked, and to protect its life and rights when invaded, either by a member of the league or not."

LODGE REPLIES. Senator Lodge replied that the committee chairman was entitled to an honest difference of opinion. The conflict, Senator Lodge declared, illustrated and emphasized the necessity for redrafting the league charter to make dispute of construction impossible.

"Let's have it stated in the contract just what it means," said Senator Lodge.

"When war starts," replied Senator Hitchcock, "the right of self-defense supersedes everything else, and the Senator knows it."

Senator Hitchcock devoted himself chiefly to an attack upon the report in the New York Evening Sun of the White House conference on Wednesday night, in which senators were quoted as saying the President showed an amazing lack of familiarity with the league plan. He denied such charges.

"I renew my statement on behalf of the Senators named, that they never used such expressions," said Senator Hitchcock. "The President showed an amazing lack of familiarity with the league plan. He denied such charges."

Senator Hitchcock declared that Japan made a "mighty effort" in the Paris conference to secure the endorsement in the league of racial equality, and had been "overwhelmingly and unanimously voted down."

"And when we failed in that," he added, "we lost the last shred of hope of bringing the immigration question before the league."

SUN'S REPORT DENIED. Referring to the Sun's account, which he said charged the President with stating "that Chinese and Japanese exclusion 'go into the hands of the league,'" Senator Hitchcock pounded his desk and said:

"The exact opposite of that was the unqualified declaration of the President."

Before Senator Lodge began his address, Vice-President Marshall warned the Senators that they were to be "kept in the chamber" for the remainder of the day. When a wave of laughter swept over the chamber following a brief colloquy between Senator Lodge and Senator Reed of Missouri, Mr. Marshall ordered that the galleries be cleared, but agreed to reinstate the order after Mr. Reed, Senator Polk of Washington (Republican) and others had protested.

ANALYSIS OF ARTICLES. In extemporaneous analysis of various articles of the league charter, Senator Lodge emphasized what he termed "the tremendous promise" one which must be kept if made, in Article 16 of the league, relating to mutual territorial defense.

"I beg my fellow-countrymen to consider it well," he said, "pounding his desk in emphasis, as declaring that America never could afford to break any treaty obligation."

Referring to the statement of Senator Hitchcock yesterday, that the charter represented the work of the foremost men of the world, Senator Lodge said:

"I do not regard them with the veneration, perhaps, of the Senator from Nebraska. I know some of them. Their names are not so overpowering that we cannot suggest amendment of this draft. I doubt if anyone can name the fourteen men of the conference offhand."

REPEAL OUR LAWS. Section 21, relating to regulation of transportation, Senator Lodge said, was not clear and if it meant that the league was to have control over both land and water transportation, then it would mean the repeal of American coastwise trading acts.

The section requiring that no nation enter into any agreement which conflicts with the authority of the league, he continued, would, in his judgment, necessitate a constitutional amendment to make effective.

The Senate's attention was called particularly to the fact that no provision is made in the plan for the withdrawal of a nation from the league if it sees fit.

"I think to form a league of this kind," he said, "and leave it so no nation can get out except by abrogating its promise, violating the provisions or taking other steps that might mean war, is a menace to the peace of the world."

THE COUNTRY FIRST. "If you leave a country tight and fast so it can't get out without breaking up the league, you create a situation, to my mind, that does not promote peace of the nations."

Expressing complete sympathy with efforts to arrange world peace, Senator Lodge insisted that the agreement for such a concern should be drawn up calmly and deliberately when the world was at peace, and not hastily when war was existing.

Senator Lodge urged that the paramount duty now was to conclude peace with Germany.

"Much time has been wasted," he said. "The delays have bred restlessness and confusion everywhere. Germany is lifting her head again."

SPAIN HALTS LEGISLATION. EDUCATOR TELLS WAR'S FUTILITY.

(BY ATLANTIC CABLE AND A. P.)

MADRID, Thursday, Feb. 27.—In view of the obstructionist tactics by the opposition against labor legislation, the government decided today to suspend Parliament.

Great surprise was caused by the announcement that the Cabinet had resolved to prorogue the budget and defer bills favorable to labor until July.

Reports from Barcelona, where the workmen have been restive, are that the situation seems improving.

MADRID, Feb. 28.—The newspaperman's committee approved suspension of the Cortes and praise Count Romanones, the Premier, for his energetic action, which they hope will prove of benefit.

The Madrid bakers have gone on strike and the baking is being done by soldiers. Bread production is about 25 per cent. below normal.

The Valencia printers have struck with the result that no newspapers were published today.

Belgium Given Bad Wheat, Charge. (BY A. P. DAY WIRE.)

WASHINGTON, Feb. 28.—Investigation of the charge that the Belgian Relief Commission shipped large quantities of bad wheat into Belgium for food purposes, causing the deaths of more than 1000 war sufferers, was demanded in a resolution introduced today by Senator Calder of New York.

whether there is to be a compulsory force behind this league. It is there in Article 16 absolutely and entirely in their guarantee.

"With the exception of the United States, Spain and Denmark, the whole world is flat broke," he said, "and the League of Nations is a mere paper."

"We all desire peace," he said, "but it is not to be created by a League of Nations, but by a League of Nations."

SENATOR LENOOT OF WISCONSIN. Senator Lenoot of Wisconsin, Republican, introduced a resolution today in the Senate, predicting that the American people would insist upon basic amendment of the proposed constitution of the League of Nations. He said he was in favor of a league if it did not abridge the sovereignty of the United States.

"We have in this country a government of the people, for the people and by the people, the freest and best government in the world, and we are the great rampart today against the anarchy and disorder which have taken possession of Russia and are trying to invade every other peaceful country in the world."

For Lincoln's government we are not to be a government of the people, for the people and by the people, the freest and best government in the world, and we are the great rampart today against the anarchy and disorder which have taken possession of Russia and are trying to invade every other peaceful country in the world."

"Let us have a definite statement as to whether the league is to have an international force of its own or to have the power to summon the armed forces of the different members."

"Let it be stated in plain language whether the measures," the "recommendations" or suggestions of the executive council are to be binding on members and are to compel them to do what the league delegates and executive council determine."

PEACE INSURANCE. "Unless some better constitution for a league than this can be drawn, it seems to me that the league is a mere paper."

Before Senator Lodge began his address, Vice-President Marshall warned the Senators that they were to be "kept in the chamber" for the remainder of the day. When a wave of laughter swept over the chamber following a brief colloquy between Senator Lodge and Senator Reed of Missouri, Mr. Marshall ordered that the galleries be cleared, but agreed to reinstate the order after Mr. Reed, Senator Polk of Washington (Republican) and others had protested.

ANALYSIS OF ARTICLES. In extemporaneous analysis of various articles of the league charter, Senator Lodge emphasized what he termed "the tremendous promise" one which must be kept if made, in Article 16 of the league, relating to mutual territorial defense.

"I beg my fellow-countrymen to consider it well," he said, "pounding his desk in emphasis, as declaring that America never could afford to break any treaty obligation."

Referring to the statement of Senator Hitchcock yesterday, that the charter represented the work of the foremost men of the world, Senator Lodge said:

Referring to the statement of Senator Hitchcock yesterday, that the charter represented the work of the foremost men of the world, Senator Lodge said:

SENATORS DEBATE PLANS OF LEAGUE.

Four Senators delivered speeches in the Senate on the League of Nations.

Senator Lodge, Republican, opposes President's draft, asserting league is menace to world peace and abrogates America's sovereignty.

Senator Hitchcock, Democrat, answers Lodge, ridiculing idea of league being menace to America's right of self-defense.

Senator Frelinghuysen, Republican, asserts President does not represent American public opinion and demands country be informed on league before final adoption.

Senator Knox, Republican, will address the Senate today on the league plans.

Senator Hardwick, Democrat, is also scheduled for an address on the League of Nations before the Senate today.

Mr. Clark pointed out the tremendous expense of the war, and referred to the United States naval armament, which he said was a burden of \$1,000,000,000 a year on the nation's credit.

"We must build no bridge across the chasm which now separates American freedom and order from Russian anarchy and destruction."

"Let us have a definite statement as to whether the league is to have an international force of its own or to have the power to summon the armed forces of the different members."

"Let it be stated in plain language whether the measures," the "recommendations" or suggestions of the executive council are to be binding on members and are to compel them to do what the league delegates and executive council determine."

PEACE INSURANCE. "Unless some better constitution for a league than this can be drawn, it seems to me that the league is a mere paper."

Before Senator Lodge began his address, Vice-President Marshall warned the Senators that they were to be "kept in the chamber" for the remainder of the day. When a wave of laughter swept over the chamber following a brief colloquy between Senator Lodge and Senator Reed of Missouri, Mr. Marshall ordered that the galleries be cleared, but agreed to reinstate the order after Mr. Reed, Senator Polk of Washington (Republican) and others had protested.

ANALYSIS OF ARTICLES. In extemporaneous analysis of various articles of the league charter, Senator Lodge emphasized what he termed "the tremendous promise" one which must be kept if made, in Article 16 of the league, relating to mutual territorial defense.

"I beg my fellow-countrymen to consider it well," he said, "pounding his desk in emphasis, as declaring that America never could afford to break any treaty obligation."

Referring to the statement of Senator Hitchcock yesterday, that the charter represented the work of the foremost men of the world, Senator Lodge said:

"I do not regard them with the veneration, perhaps, of the Senator from Nebraska. I know some of them. Their names are not so overpowering that we cannot suggest amendment of this draft. I doubt if anyone can name the fourteen men of the conference offhand."

REPEAL OUR LAWS. Section 21, relating to regulation of transportation, Senator Lodge said, was not clear and if it meant that the league was to have control over both land and water transportation, then it would mean the repeal of American coastwise trading acts.

The section requiring that no nation enter into any agreement which conflicts with the authority of the league, he continued, would, in his judgment, necessitate a constitutional amendment to make effective.

The Senate's attention was called particularly to the fact that no provision is made in the plan for the withdrawal of a nation from the league if it sees fit.

"I think to form a league of this kind," he said, "and leave it so no nation can get out except by abrogating its promise, violating the provisions or taking other steps that might mean war, is a menace to the peace of the world."

THE COUNTRY FIRST. "If you leave a country tight and fast so it can't get out without breaking up the league, you create a situation, to my mind, that does not promote peace of the nations."

Expressing complete sympathy with efforts to arrange world peace, Senator Lodge insisted that the agreement for such a concern should be drawn up calmly and deliberately when the world was at peace, and not hastily when war was existing.

Senator Lodge urged that the paramount duty now was to conclude peace with Germany.

"Much time has been wasted," he said. "The delays have bred restlessness and confusion everywhere. Germany is lifting her head again."

SENATOR LENOOT OF WISCONSIN. Senator Lenoot of Wisconsin, Republican, introduced a resolution today in the Senate, predicting that the American people would insist upon basic amendment of the proposed constitution of the League of Nations. He said he was in favor of a league if it did not abridge the sovereignty of the United States.

"We have in this country a government of the people, for the people and by the people, the freest and best government in the world, and we are the great rampart today against the anarchy and disorder which have taken possession of Russia and are trying to invade every other peaceful country in the world."

For Lincoln's government we are not to be a government of the people, for the people and by the people, the freest and best government in the world, and we are the great rampart today against the anarchy and disorder which have taken possession of Russia and are trying to invade every other peaceful country in the world."

"Let us have a definite statement as to whether the league is to have an international force of its own or to have the power to summon the armed forces of the different members."

"Let it be stated in plain language whether the measures," the "recommendations" or suggestions of the executive council are to be binding on members and are to compel them to do what the league delegates and executive council determine."

PEACE INSURANCE. "Unless some better constitution for a league than this can be drawn, it seems to me that the league is a mere paper."

Before Senator Lodge began his address, Vice-President Marshall warned the Senators that they were to be "kept in the chamber" for the remainder of the day. When a wave of laughter swept over the chamber following a brief colloquy between Senator Lodge and Senator Reed of Missouri, Mr. Marshall ordered that the galleries be cleared, but agreed to reinstate the order after Mr. Reed, Senator Polk of Washington (Republican) and others had protested.

SEVERAL DIE IN STORMS AT SEA.

Returning Soldiers Suffer Greatly on Warships.

Three Transports Land 7893 Overseas Veterans.

Aquitania Sinks Freighter in Harbor Collision.

(BY A. P. DAY WIRE.)

NEWPORT NEWS (Va.) Feb. 28.—The battleships Virginia and Rhode Island docked here today after a strenuous sixteen-day trip from Brest, and debarked more than 2000 returning soldiers.

About the Virginia were the First Trench Mortar Battalion, the Four Hundred and Eighty-eighth Aero Squadron and the Three Hundred and Fifth Trench Mortar Battalion.

The Rhode Island brought the One Hundred and Forty-seventh Machine Gun Battalion, the Eighty-fourth Aero Squadron, several Missouri casual companies.

The Virginia's contingent is said to have suffered greatly during the storms at sea. There were several deaths.

The First Trench Mortar Battalion had representatives from twenty-eight States. The unit had been in France thirteen months and had fought at Chateau-Thierry, the Argonne, St. Mihiel and Thiaucourt.

NEW YORK, Feb. 28.—The Canadian freighter Lord Dufferin sank in

thirty-six feet of water fifteen minutes after her last seen, according to the report of the tugboat Aquitania off Liberty Island late today. The stern of the freighter, which was at anchor, was split to a depth of twenty feet.

One member of the Lord Dufferin crew, George Sporus of New York, an oiler, was killed. Several others were injured, but none seriously. Twenty-seven of the freighter's crew of forty-four were taken off by a police patrol boat. The others elected to remain on board their ship, as the upper works were above water when she rested on the bottom.

The Aquitania, which brought 8000 troops and civilian passengers, including Lord Reading, British ambassador, and J. P. Morgan, was not damaged and went on her way. There was little excitement aboard the big liner, and many of the passengers did not realize there had been a collision.

Heavy weather and a strong ebb tide were responsible for the collision by the officers of the Aquitania.

The Lord Dufferin was a vessel of 4440 gross tons, built in 1913, and was bound for St. John, N. B.

The army units aboard were largely negroes of the Ninety-second Division. Brest convalescent detachments sixty, seventy and seventh ones also were passengers.

WASHINGTON, Feb. 28.—The battleship New Jersey is due at Newport News March 1, with officers and men attached to casual companies for Texas and Nebraska. The transport Aeolus is due at Newport News March 8, with 2231 men including the Seventy-fifth Central Postal Directory and the One Hundred and Thirtieth Division.

In addition to the casual companies, the New Jersey carries companies D and E, Four Hundred and Twelfth Telegraph Battalion.

The War Department also reported that the sailing of the transport Louis K. Thulow with three casual officers, and the Ermer

TILDEN WINS GREAT MATCH.

Trims Vincent Richards for the Indoor Title.

Youngster Shows Class and Almost Wins.

Wonderful Spurt at Finish Does the Work.

PHILADELPHIA, Feb. 28.—(By AP.)—Tilden, 11, Philadelphia, captured the middle Atlantic indoor tennis championship by defeating Vincent Richards of New York in the final round of the senior singles here today, 6-4, 3-6, 7-5, 6-2, 7-5. Tilden gained the victory by his brilliant playing in the first two sets. His spectacular smashing and volleying attack, coupled with great court covering and sensational "sets" stood out conspicuously. He used his straight racket better on the slippery footing Richards won in the opening set, 6-4, but in the second Tilden broke through his opponent's service on the fourth game and won the set on his own service, 7-5. In the third set Tilden once more broke through Richards' service on the fourth game, but the youngster came right back and smashed through Tilden's twisting service, eventually taking the set, 7-5. Tilden hit up the pace in the fourth set and romped away with it, 6-2.

With sets two-all, Richards led in the fifth set, but Tilden, at the seventh, had Tilden at thirty love, and needed only two more points to win the match. At this point Tilden rallied, and displayed one of the most spectacular smashing and volleying attacks seen in this section for years. The New York lad fought desperately to stave off defeat, but was unable to stem the tide.

BASEBALL IN FOR SHORT SCHEDULE.

BOSS OF NATIONAL LEAGUE HAS IDEA THAT LATE TO CHANGE.

(BY A. P. NIGHT WIRE.) NEW YORK, Feb. 28.—President John A. Heydler of the National League stated today that he did not believe the adoption for a 154-game schedule would result in a change in the 1919 season plan. "While it would be an easy matter to change the schedule at this time," said President Heydler, "the league would be both far-reaching and confusing. The return to normal conditions throughout the country has been more rapid, perhaps, than was foreseen at our annual meeting, but any attempt to readjust our schedule now would produce complications which would offset any advantage to be gained by the additional fourteen games."

"The various clubs of the league have completed their spring training plans, made dates for numerous exhibition games and otherwise assumed contractual obligations which it would be hard to rescind. Furthermore, we are finding it difficult to secure the early release of players now in government service and need the additional time to complete the team rosters."

POLY SWIMMERS BEATEN AT CLUB.

Water polo season was ushered in yesterday evening when the initial game of the year was staged in the Los Angeles Athletic Club. The Poly High squad was trimmed by the club players by the score of 13 to 2. The prep were outclassed in every stage of the fray and due to the stellar playing of Valtos, Poly was able to sneak over two tallies. Clyde Swenden, Vint, Hickey and Buck played well for the winners. The club team is being coached by Vance Vleth.

SKI RECORD IS ALMOST RUINED.

(BY A. P. NIGHT WIRE.) STEAMBOAT SPRINGS (Colo.) Feb. 28.—The world's record ski jump of 293 feet came near being broken today when Lars Haugen of St. Paul, Minn., jumped 299 and 215 feet, but was unable to retain his balance and fell in each instance. Anders Haugen, also of Minnesota, setting 245 points. Anders Haugen has covered more than 200 feet, but, too, fell after a jump of 205 feet. He won on points, however, by remaining on his feet after a shorter jump. The record of 293 feet was made here on March 2, 1917, by Henry Hall, New Jersey, in the Great Lakes Naval Training School won the amateur event with 46 points and a jump of 118 feet. Fred Trinder of Steamboat Springs was second, and E. Reed of Chicago, third.

GUILTY, PLEA OF CLUBMAN.

Pasadena Serves Booze at Society Dinner.

Suitor to be Sentenced by Durham Today.

Funeral of Late Senator Edmunds Monday.

(LOCAL CORRESPONDENCE.) PASADENA, Feb. 28.—Through his attorney, L. W. Jutten, of the firm of Jutten & Jutten, S. F. Seager of Pasadena and Los Angeles, well-known clubman and business man, pleaded guilty before Judge Frank C. Dunham in Pasadena Police Court today of the charge of violating the local liquor ordinance at the society dinner at the Red Cross Club. Seager's Red Cross team and shop, Thursday night. This was the second chapter in the episode of Pasadena society dinner, the first being held at the Pasadena police of the Red Cross Street during the height of the state festival, the confiscation of its bottles and two jugs of assorted liquors, whiskey and wine, and the arrest of Mr. Seager on the charge of serving liquor at the street in violation of the law. The third chapter will be enacted in Judge Dunham's court tomorrow morning at 9:30 o'clock, when the court will impose sentence on Mr. Seager, who, on Thursday night, said he alone was responsible for the presence of the "fire water" at the function. When the case was called today, Attorney Jutten stated that while his client pleaded guilty, he understood that the liquor was being used for cooking purposes. Mr. Seager and a group of prominent Pasadena men had charge of the cooking and serving of the dinner. Police Officer Robert O'Rourke, however, testified that the liquor was being served in violation of the law. He stated, moreover, that some of the present at the dinner seemed to be comfortably under the influence. As a Red Cross institution, the street has now gone out of existence. Thursday night's dinner was arranged as a farewell. The place and fixtures have been sold to private interests. SENATOR EDMUNDS' FUNERAL. The funeral of former United States Senator George F. Edmunds, who died at his home here Thursday evening, will be held Monday morning at 8 o'clock at the family residence, 411 South Orange Grove avenue. It will be strictly private service, the family announces. The family requests friends not to send flowers. The body will be placed temporarily in a local vault, and later will be taken to Vermont, the state that Senator Edmunds represented in the Senate for so many years, and buried in a plot at his old home, Burlington. Come to Hotel Camelina, San Diego, for excellent accommodation at a reasonable price.—(Advertisement.)

Otto Wilke of Los Angeles, a former Pasadena boy, who fell 400 feet in France and was saved with his body intact because of good luck and the wondrous of surgeons of the A.E.F., was a visitor here today. His father was formerly pastor of the German Methodist Church here. Lieut. Wilke attended Pasadena High School and was a star athlete. In the American flying service at the front, Lieut. Wilke was in several engagements before his accident befell. It occurred near the front lines. Before his airplane struck the earth the straps which held him to his seat burst, hurling him from the machine and saving his life. He landed forty feet from the wrecked airplane on a freshly-plowed field. Had not the straps broken he would have been burned to death, for the airplane caught fire when it struck the earth. That he was alive at all seemed miraculous enough. Unconscious he was taken to a hospital. Both his legs were broken. His body was twisted and dislocated, externally and internally, until he hardly seemed like a man. He was unconscious sixteen days, but when he came to he found that the American surgeons were putting him together again. Within a few days he performed that he is now practically himself again, with the use of all his limbs. Wilke, who is now back to America, army doctors wanted to send him to the Adirondacks to recuperate. But he told them that home—Southern California—was the best place in the world to recuperate. Come to Hotel Camelina, San Diego, for excellent accommodation at a reasonable price.—(Advertisement.)

SANTA BARBARA IN AWAKENING.

Linnard's Coming Lets Loose Flood of Optimism.

New Building Projects Run Into Big Figures.

Wishal City will Retain its Quaint Atmosphere.

(LOCAL CORRESPONDENCE.) SANTA BARBARA, Feb. 28.—The biggest awakening Santa Barbara has ever witnessed is now stirring every channel of business. Hotels are overflowing with guests, apartment-houses are taxed to their utmost, and even the lodging-house business has been suddenly metamorphosed under the flood of optimism which is sweeping over this section since D. M. Linnard took over the Potter Hotel, now the Belvedere. Every train is bringing tourists and home-seekers, and the demand for hotel-houses is a new record for this city. Real estate men declare that there is not a desirable vacant house in the town. In order to accommodate the increasing number of visitors, private households are being pressed into service, and at the Chamber of Commerce a "room-to-rent" department has been opened. Within two weeks the future of Santa Barbara has taken on the most enticing hues. The main business street suggests Spring street, Los Angeles, during the busy time of the year. PLAN MANY BUILDINGS. Several big business blocks have been designed for early completion. There is much activity in the planning of business buildings. Nothing Santa Barbara has known at any time in the past. Architects are busy with plans for a new building ready to begin the moment that the cost of building materials drops. To encourage this spirit, the three big lumber companies have agreed to a reduction of \$4 per thousand feet in lumber prices beginning March 1, and other concessions are anticipated. Several large apartment-houses of the very best class for the finest residential sections, to cost from \$10,000 to \$150,000 each, will be started within the next ninety days. In the Mitchell section building improvements totalling over \$1,000,000 will begin within the next few months. The new residence for Mrs. Keltia Armour, daughter of Mr. and Mrs. J. Ogden Armour, is in this list, and a large bungalow hotel will also be under way in the East Montecito section this spring. REAL ESTATE MOVING. Several residence subdivisions have been sold off in Santa Barbara within the past three weeks. In one subdivision seventy residence lots were disposed of in three days. Every sale is stated to mean a new home to be built within the next two months. These sales have been unique in the history of Santa Barbara as the town's most prosperous before. The palmist days of the boom period never saw anything like the speculative spirit which has prevailed since the Linnard interests entered the town. The spirit has been further developed by the sale of Hope Ranch Park and Ontario Ranch, just on the borders of the town, to Maurice Hatcher of Rhode Island, who is building a large group of polo stables, and is to begin work on a palatial residence at once. The two properties are also being subdivided, and every indication points to the rapid building of the city to the west, to spread over Goleta, as well as to the east, to extend as far as Carpinteria. EVERYBODY BOOSTING. The Linnard interests have brought all factions together, and every man, woman and child is boosting to keep up the phenomenal growth of the town. In this connection the plans for a Festival of Wild Flowers, to take place in June, has been started by John W. Mitchell of the Linnard interests, and a meeting of the city leaders will be held next Tuesday night in the City Council chamber to discuss details with Mitchell. In preparation for the festival a general campaign for the planting of wild flowers has begun, every civic organization, the State Normal and the city schools participating. Theodore S. Payne, wild flower expert of Los Angeles, has been invited to take part in the meeting. WATER AND POWER. One of the big features of the present development is the bringing into the city of the Santa Ynez River water. The big dam at Gibraltar Rock on the Santa Ynez is almost completed. When it is furnished a lake six miles long will be formed, capable of supplying a city of immense size. It will also be capable of developing a large electrical power. Santa Barbara is planning to invest \$500,000 in power plants. No one can walk fifty feet down State street, the main business thoroughfare, without becoming instantly impressed that there are big things developing in Santa Barbara. The Belvedere is a brilliant society center now, and a musical and art center as well. The fact that the big hotel is filled with guests from all parts of the world within the past two weeks has added courage to the most pessimistic. In fact, there are no pessimists any longer. CO-OPERATIVE SPIRIT. One of the most encouraging indications is the pronounced spirit of co-operation, which has brought the business interests together to work not only for Santa Barbara, but for Los Angeles as well, and the word has gone forth to the district representatives at Sacramento to throw every influence for anything Los Angeles may want Good roads, and the automobile have annihilated distance, and Santa Barbara realizes it is now a suburb of the big, bustling city to the south, and their interests are one. Under the high pressure of the new vitalizing influences which have surrounded all Santa Barbara, the city is pulling for a breakthrough, which will make possible a refuge here for pleasure yachts, and a large amount of private funds have already been promised for this undertaking. TALK BIG FIGURES. Santa Barbara has now begun to

SHALL CAPTAIN BE PUT IN JAIL?

Motor Cop Halts Army Man for Speeding; Judge Cox Confronts Problem.

(LOCAL CORRESPONDENCE.) SANTA ANA, Feb. 28.—If Capt. H. B. Gordon of North Island were an ordinary citizen, he would be sure of spending ten days in the Orange County Jail for speeding fifty-six miles an hour on the State highway between Irvine and El Toro. As Gordon is in government service, there appears to be a question as to what is to be done for him when he faces Justice J. B. Cox tomorrow morning at 10 o'clock to answer to the speeding charge. Attorneys for the state are waiting to see if the civil court will have jurisdiction while the United States is still technically at war. Judge Cox's regular dose for over fifty miles is ten days in jail and Cox refused over long-distance phone to fix the case so Gordon would not have to come back. Gordon promised to be here tomorrow morning. *****

TALKS TO ONTARIANS ABOUT "Y.W." DRIVE.

(LOCAL CORRESPONDENCE.) ONTARIO, Feb. 28.—To place before the club women of San Bernardino county the plans of the Young Woman's Christian Association for the coming year and to interest them in a campaign to raise \$1,000,000, Mrs. Grace Sutton Powell, Pacific Coast field secretary of the organization, addressed a representative group of club women from all over the county yesterday afternoon at the Current Events Club, here. Mrs. Powell explained that the government has asked the "Y. W." to continue its work along the lines inaugurated during the war. Appointed on the Ontario fund drive committee were Miss Lillian Hamilton, chairman; Miss Myrtle Graves, Miss Myrtle Seay, Miss Grace Smyth, Miss Erma Brown, Miss Gertrude Bradford, and Miss Beadie Sheppard.

WAS ONLY WOUNDED.

Long Beach Man's Homecoming Disproves Report He Was Dead. (LOCAL CORRESPONDENCE.) LONG BEACH, Feb. 28.—Corp. John H. Carter, who was reported killed in action in France last fall, "dropped in" on his relatives here today, denying that he was dead, and expressing wonderment at how such a report could have been sent out. Corp. Carter admits, however, that he was severely wounded in the Argonne fighting and is home to recuperate from his injuries. While advancing with his company in the face of heavy machine gun fire, a bullet penetrated his lung and lodged against the spine, where it still rests. Army surgeons told the youth it would be better not to operate. The soldier was in eight hospitals in France and just recently received his honorable discharge from the army at the Letterman General Hospital, San Francisco.

LOOK FOR THESE FEATURES:

THE THEATRICAL SECTION—Under the supervision of Monroe Lathrop, acknowledged by theater-goers, managers and professionals alike to be the leading dramatic critic of Los Angeles, there is presented an authoritative review of the offerings of the amusement world. Personal gossip of the stage and studio will interest the multitude of readers who love to keep in real touch with what is told "in the wings" and "on the lot." No one who is interested in theatrical affairs can afford to miss today's Express.

THE SPORTING SECTION—Red blooded this, and up to the minute. A man's page every inch of it, filled with exclusive sports news and rich in sport criticism, gossip and expert comment not to be found elsewhere. Everybody in Los Angeles who loves sports knows W. A. Reeve, the sporting editor of the Express—acknowledged by common consent to be the leading authority in his field. A staff of experts, serving under his direction, have filled the sporting section of today's Express to the very margins with incomparable "stuff." Then there is Robert Edgren, the world's authority on pugilism; Hugh S. Fullerton, who knows more about baseball than anybody, and other stars—enough to make a constellation.

THE COMICS—In Saturday afternoon's Express? Sure—and richer than ever. There's Dirks, the originator of the Katzen-

jammer Kids—everybody knows him; "S'Matter Pop" is there, funny as of old; "Joe's Car," "Little Mary Mix-up," "Cap. Stubbs"—all the favorites, filled with laughter, not for the kids alone, but grown-ups, too. But get the paper—buy today's Express and see for yourself how rich a treat of fun is offered.

THE AUTO SECTION—There couldn't be a more complete exposition of what is doing in the auto world. New makes of cars, new records, fresh hints for keeping cars in the best condition—all that goes to make news of interest to the man who owns a car or the man who means to—it's all here.

FACTS, FUN AND FICTION FOR THE ENTIRE FAMILY. There's a page that will interest the home. So, too, will "Fads, Foibles and Fancies," that's right up to the minute. Fay Stevens writes entertainingly in today's Express, and there's Zoe Beckley and Marguerite Moers Marshall—all the women know who they are. The Jarr Family—don't miss the entertainment they afford.

THE CHURCH NEWS FOR THOSE RELIGIOUSLY INCLINED—and the people of Los Angeles are known to be religious. Here's the best church section ever printed in an afternoon newspaper with all the news of the churches together with their Sunday announcements. This section is a directory for the devoutly minded.

You Simply Can't Afford to Miss This Big Saturday EXPRESS

All the World Wants GUARANTEES

Protection is the cry of the hour. It is the demand of civilization—the watchword of the individual. When you buy Ghirardelli's Ground Chocolate you are guaranteed a supreme quality-food product. Not packed in bulk—but in cans only! Look for the Ghirardelli label—it is there for your protection. At your grocer's—in 1/2 lb., 1 lb. and 3 lb. cans—"say Gear-ar-delly."

If You are a HOUSEWIFE,

The Information Bureau ought to be your best friend, for it has had occasion to study almost every problem that confronts the woman in charge of a home and children. It can give her a recipe for any dish that ever was concocted; it can tell her how to clean anything, from a kid glove to a house and lot; it can provide menus for all occasions; can tell her how to buy food; how to preserve fruits, vegetables, meat, fish and eggs; how to put up school lunches for the children; how to choose colors to match the hair and eyes; how to get rid of insect pests—these are a few of the lines in which it is expert. If your problem is not mentioned, send it along anyway.

ARREST HEIRESS UNDER MANN ACT. FINDS SHE MAY BE RICH WOMAN

Sensational Sequel to War for Children Comes with Federal Accusation Against Mrs. Carlton Northcutt and Her Cousin.

A sensational sequel to the domestic war between Lieut. Carlton Northcutt of this city, recently out of the navy, and his wife, Mrs. Myrna Northcutt, heiress to an \$8,000,000 estate in Wisconsin, came yesterday with the arrest of Mrs. Northcutt by Federal agents at her home in Riverside under a Mann act charge, involving W. E. Gowling of Sloat, Cal., secretary and treasurer of the Feather River Gold Mining Company, first cousin to Mrs. Northcutt. Gowling was arrested in San Francisco yesterday on the same charge. The evidence on which Mrs. Northcutt and Gowling were arrested is said to have been furnished the government by private detectives employed by Lieut. Northcutt. A number of other persons are said by the Federal officials to be involved in the alleged conspiracy to violate the white slave law. Among them are a woman friend of Mrs. Northcutt and a local insurance agent, both of whom are under technical arrest, and some prominent San Francisco persons, including one of the heads of Red Cross work in the Bay City. Gowling declares the arrests part of a plan to get the Northcutt children from their mother. Mrs. Northcutt referred inquiry to her attorneys, who made a similar intimation.

The complaint upon which the arrest of Gowling was made alleged that he had been furnished by Lieut. Northcutt, from Reno, Nev., into this State for immoral purposes. It is further alleged by the officers that they traveled together extensively in this State, while Lieut. Northcutt was in the service.

According to United States District Attorney O'Connor, it is alleged that Mrs. Northcutt spent about \$75,000 during her husband's absence on the case for more than two months, and it is reported that they sought to recover bonds worth about \$10,000 for Lieut. Northcutt. A detective agency representative admitted last night that he turned the case over to Federal authorities after getting evidence showing that Gowling had accompanied Mrs. Northcutt from one State to another.

Mrs. Northcutt was arrested at Riverside yesterday afternoon by Deputy United States Marshal O'Leary on a warrant issued by United States Commissioner Lomb.

The warrant was issued by United States Commissioner C. W. Benhoff at Riverside and released upon her two recognizances.

It also is intimated that charges of conspiracy may be placed against Mrs. Northcutt. Among other names that the Department of Justice officials have on their list for investigation is that of one of the heads of Red Cross activities here, and a friend of Gowling.

A telegram addressed to this man which the authorities say was sent by Mrs. Northcutt and which admitted that he had been furnished by her to the Federal authorities.

Gowling's arrest. Gowling was taken into custody at the Arden Hotel by agents of the Department of Justice, acting under a warrant issued by United States Commissioner Lomb.

United States District Attorney O'Connor states that Gowling and Mrs. Northcutt in traveling about the country, as it is alleged that they did.

Chief E. M. Blanford on this assistant, G. W. Crossen. He was given a preliminary hearing before United States Commissioner Francis Krull, who fixed bonds at \$1000. Harry Bogart went on his bond and Gowling was liberated. His liberty was brief, for an hour later Mr. Bogart brought Gowling back to the Marshal, saying that he had changed his mind and decided to surrender him. The charges in sentiment, he admitted, came following a conference he had with Department of Justice officials. According to the complaint lodged against him, Gowling transported Mrs. Northcutt in September of last year from Reno to Sloat, in Plumas county, where his mining properties are located, for the purpose of living with her.

Gowling denies that he has been guilty of improper conduct. "Yes, I brought Mrs. Northcutt over, but there was nothing wrong about it," he said. "I went to Reno and drove her over in her own automobile. She is one of the heaviest stockholders in the mining company and wanted to be near the property. This trouble is brought on by her relatives, who have been trying to make trouble for me for some time. There is nothing to the charge."

Gowling admits that he was "tipped off" more than a month ago when he was in Los Angeles, that government agents were on his trail, and he immediately came to San Francisco. He says he has not seen Mrs. Northcutt since, but admits he has heard from her. It was when communications between the two were being intercepted, according to investigators, that Mrs. Northcutt telegraphed to a friend so that he might inform Gowling.

A ahead of letters said to have been exchanged between Gowling and Mrs. Northcutt are held as evidence in the case.

WITH CHILDREN? United States District Attorney O'Connor states that Gowling and Mrs. Northcutt in traveling about the country, as it is alleged that they did.

ARREST HEIRESS UNDER MANN ACT. FINDS SHE MAY BE RICH WOMAN

Sensational Sequel to War for Children Comes with Federal Accusation Against Mrs. Carlton Northcutt and Her Cousin.

A sensational sequel to the domestic war between Lieut. Carlton Northcutt of this city, recently out of the navy, and his wife, Mrs. Myrna Northcutt, heiress to an \$8,000,000 estate in Wisconsin, came yesterday with the arrest of Mrs. Northcutt by Federal agents at her home in Riverside under a Mann act charge, involving W. E. Gowling of Sloat, Cal., secretary and treasurer of the Feather River Gold Mining Company, first cousin to Mrs. Northcutt. Gowling was arrested in San Francisco yesterday on the same charge. The evidence on which Mrs. Northcutt and Gowling were arrested is said to have been furnished the government by private detectives employed by Lieut. Northcutt. A number of other persons are said by the Federal officials to be involved in the alleged conspiracy to violate the white slave law. Among them are a woman friend of Mrs. Northcutt and a local insurance agent, both of whom are under technical arrest, and some prominent San Francisco persons, including one of the heads of Red Cross work in the Bay City. Gowling declares the arrests part of a plan to get the Northcutt children from their mother. Mrs. Northcutt referred inquiry to her attorneys, who made a similar intimation.

The complaint upon which the arrest of Gowling was made alleged that he had been furnished by Lieut. Northcutt, from Reno, Nev., into this State for immoral purposes. It is further alleged by the officers that they traveled together extensively in this State, while Lieut. Northcutt was in the service.

According to United States District Attorney O'Connor, it is alleged that Mrs. Northcutt spent about \$75,000 during her husband's absence on the case for more than two months, and it is reported that they sought to recover bonds worth about \$10,000 for Lieut. Northcutt. A detective agency representative admitted last night that he turned the case over to Federal authorities after getting evidence showing that Gowling had accompanied Mrs. Northcutt from one State to another.

Mrs. Northcutt was arrested at Riverside yesterday afternoon by Deputy United States Marshal O'Leary on a warrant issued by United States Commissioner Lomb.

The warrant was issued by United States Commissioner C. W. Benhoff at Riverside and released upon her two recognizances.

It also is intimated that charges of conspiracy may be placed against Mrs. Northcutt. Among other names that the Department of Justice officials have on their list for investigation is that of one of the heads of Red Cross activities here, and a friend of Gowling.

A telegram addressed to this man which the authorities say was sent by Mrs. Northcutt and which admitted that he had been furnished by her to the Federal authorities.

Gowling's arrest. Gowling was taken into custody at the Arden Hotel by agents of the Department of Justice, acting under a warrant issued by United States Commissioner Lomb.

United States District Attorney O'Connor states that Gowling and Mrs. Northcutt in traveling about the country, as it is alleged that they did.

Chief E. M. Blanford on this assistant, G. W. Crossen. He was given a preliminary hearing before United States Commissioner Francis Krull, who fixed bonds at \$1000. Harry Bogart went on his bond and Gowling was liberated. His liberty was brief, for an hour later Mr. Bogart brought Gowling back to the Marshal, saying that he had changed his mind and decided to surrender him. The charges in sentiment, he admitted, came following a conference he had with Department of Justice officials. According to the complaint lodged against him, Gowling transported Mrs. Northcutt in September of last year from Reno to Sloat, in Plumas county, where his mining properties are located, for the purpose of living with her.

Gowling denies that he has been guilty of improper conduct. "Yes, I brought Mrs. Northcutt over, but there was nothing wrong about it," he said. "I went to Reno and drove her over in her own automobile. She is one of the heaviest stockholders in the mining company and wanted to be near the property. This trouble is brought on by her relatives, who have been trying to make trouble for me for some time. There is nothing to the charge."

Gowling admits that he was "tipped off" more than a month ago when he was in Los Angeles, that government agents were on his trail, and he immediately came to San Francisco. He says he has not seen Mrs. Northcutt since, but admits he has heard from her. It was when communications between the two were being intercepted, according to investigators, that Mrs. Northcutt telegraphed to a friend so that he might inform Gowling.

Indorses the League of Nations.

Former Husband's Quiet Title Suit is Eye Opener.

Divorced Wife of Shipbuilder Asks Half Property.

Had not Realized Before Her Community Rights.

A story of a wife who demanded no alimony when her husband sued for divorce and realized that she was entitled to her interest in alleged community property only when he sued to quiet title, is revealed in the action brought by Mrs. Carrie Fulton against Charles E. Fulton, former president of the Fulton Shipbuilding Company, San Pedro, filed yesterday.

The Fultons were married on February 18, 1895. On February 3, 1916, Mr. Fulton was granted a decree on the ground of desertion. The separation of the couple, it is understood, was by mutual consent. They have two children. The complaint filed yesterday by Mrs. Fulton, through her attorney, Drew Pruitt, indicates that Mrs. Fulton at the time of the divorce gave no thought to her property rights, apparently not knowing that when she sued Mr. Fulton accumulated after their marriage was community property, and that she was entitled to half.

Mr. Fulton filed a suit two weeks ago to quiet title on property in San Pedro and Los Angeles valued at \$12,000. When Mrs. Fulton was served with the papers, she sought Mr. Pruitt to ask what it meant. He informed her that she had an interest in this and other property acquired before the divorce was granted. Yesterday she filed a suit against her former husband to recover over half of the community property.

It is alleged by Mrs. Fulton that Mr. Fulton put \$50,000 in the building plant and made more than \$75,000 by the venture. She avers that he invested most of his money in the plant, stocks and bonds, and that his estate now has a value of more than \$100,000. She asks for an accounting of his property.

Mr. Fulton could not be reached last night.

MORE PAY OR QUIT. City Prosecutor Widener yesterday notified Mayor Hiram Johnson that he will resign unless the city increases his salary. High cost of living and extraordinary expenses attached to the office make it impossible for him to continue in the position, he said.

The salary of the City Prosecutor is \$125 a month. Mr. Widener's office two deputies receive \$125 each a month, five receive \$100 each a month, and he receives \$150 a month. The heads of other departments receive \$100 a month.

SOUVENIRS STOLEN. A collection of 150 silver spoons, gathered as souvenirs in all parts of the world, and other silverware and jewelry valued by Emil E. Seidel at more than \$1200, were stolen from his home last night by a party of burglars, who entered while the family was away, according to a report in the hands of the police yesterday.

Among the articles taken was a set of buttercup pattern silverware worth \$150.

TIPS OVER IN COURT. Judge Asks if There are Any More One-sided Motions.

A dozen lawyers were gossiping in the probate court yesterday, awaiting the opening. Judge Rives stepped quickly and softly from his chamber to the bench, unseen by the lawyers. Justice Tom Leaster, with the gavel, opened court. George Greer, large and portly, was leaning back in a chair. The unexpected advent of the court startled him. He tried to recover a dignified attitude, and the chair tipped over with a crash.

In his quiet judicial voice, without cracking a smile, Judge Rives remarked: "Are there any other ex-parte motions?"

The laugh was on Mr. Greer.

WONDER GEM LOST. A beautiful diamond, valued at \$1000, was lost by a woman yesterday.

The report follows: "I have made a chemical examination of the stomach, liver, kidneys and intestines in the case of Mrs. Alpha O. Carson, submitted by Dr. W. J. Ford, attorney for the relative, yesterday that he is not certain that the matter will be contested, but that the matter will be gone

PEN POINTS.
BY THE STAFF.

Come on, Spring!

We have had a real winter. Lodge is in a wilderness.

Yes, it's a League of Nations or Hopelessness.

The Allies are still holding the Russian bear by the tail.

That Peace Conference is still sitting on those sharp fourteen points.

A Mitchell Palmer, the new Attorney-General, is a Quaker. Shake!

Oh! Pinchot is after the scalp of Ropes Penrose. Take care of your self, Ropes.

A strong mustard gas barrage is being thrown out by the United States Senate.

Could never figure out where "lost love" was worth anything in cash in a divorce or alienation suit.

It is claimed that men's clothes are to be cheaper in the fall—but just what fall nobles seem to know.

And now the anti-tobacco crusade! If that succeeds it will be necessary for a fellow to die before he can smoke.

Now Billy Sunday claims the credit of making Nebraska dry. Hey, there, William Jennings Bryan, how about that?

It is announced that Secretary Daniels will visit Los Angeles shortly. Hope he will wear that old-fashioned Simon Legree hat, so admired by all blind observers.

It has been figured out that there are but twenty-one hundred one-thousand-dollar bills in the United States. And will wonder that the corner grocer has the most of them.

Sound the how-gas, beat the tom-tom, strum the ukulele and make a gladsome noise, for the price of meat is to be reduced four cents a pound on March 1—in England. Why don't you cheer?

The funeral of Kurt Eisner, the Bavarian Premier, was the most imposing ever seen in Munich. And there are other royalists who ought to be occupying the automobile at the head of the parade.

Hail to March, the merriest month of all the twelve—in Southern California! Back East it is a continual round of freezing and thawing and plenty of mud, with a spit of snow on the side. Ugh!

When Norman Hapgood, formerly editor of Harper's Weekly, goes to Denmark as Minister, will he continue to observe the parted-in-the-middle habit with his nut-brown hair? Norman is fetching when all dolled up.

The American people are jealous of the Monroe Doctrine and would bitterly oppose any move calculated to weaken a position that has been a bulwark to the nation ever since the prophetic and famous words were uttered.

Santa Monica is again knocking at the door of Los Angeles. We invited the beach town to sit at the first table several years ago and had a plate and knife and fork all ready, but she declined. But the latching string is still out.

There must still be a lot of money in this country. At a recent fair sale held in St. Louis the transactions amounted to more than \$5,000,000. And manufactured furs were never so high, nor was the demand ever greater. Mildly will not be denied.

Have seen no pictures of George Creel walking arm-in-arm with President Wilson of late. It was an imposing sight, the furthest overcoat of Creel recalling an advance agent of a Georgia minstrel party and adding spirit de corps to the outfit, as it were.

Within the next few months the people of this country will be required to pay not less than \$14,000,000,000 to the expense of the late war—the amounts to be about equally divided between the new revenue bill imports and the sale of the Fifth Victory Loan.

With no ice harvest in most sections of the East there is reason to hope to keep folks in that part of the country. Skating has been one of the chief joys and with that eliminated the average easterner has nothing to live for. Come West, good people, and make yourselves at home.

President Wilson is insistent that the Senate should adopt the peace plans of the Allies. Sixty-four votes will be required in the upper house and there will not be enough Democrats to furnish the requisite two-thirds. Time alone will tell whether he can swing even his entire party strength in favor of the matter.

Another lame duck cared for. A Mitchell Palmer, nominated as Attorney-General by Texas Governor Thomas Watta Gregory of Texas was the Democratic candidate for Governor of Pennsylvania several years ago and the best he could do was to keep the Republican majority in the neighborhood of 200,000 votes.

LEAF MOLD.
Here beneath this bush so old,
More precious now than all the gold,
Stranger that anything so cold
Could thrust to life a warrior bold!
Look! enough within my hand I hold
To make a thousand blooms unfold.
This—why this is only called Leaf Mold.

From the ages' crumbling mold,
Stalied castles we behold.
New life, new hope are wrought in old.

ELIZABETH C. TENNYCK.

SATURDAY MORNING.

ARRESTED FOR
FIRING HOUSE

Man Accused of Deed to Get Insurance.

Neighbors Toll of Hearing His Threats to Burn Home.

Man Said to Have Confirmed this Statement.

Charged with having set fire to his residence at 2304 1/2 Dorsey avenue in order to collect several hundred dollars insurance, W. J. Barnard, said to be a manufacturer of electrical soap, was arrested by Detective Bagley and Deane of the second last night and lodged in the University Station.

According to the detective, Barnard was overheard by neighbors to say that he was going to burn his house. This statement is said to have been corroborated by his wife, who is the wife of Barnard, who was called to the Barnard home to quell a fight between Mr. and Mrs. Barnard. When the officer left, the husband is said to have remarked to her that the next time the police came there would be no house to find.

A Thursday evening, while Mrs. Barnard was visiting Mrs. R. L. L. of 3808 Compton avenue, Barnard hung about the house, and when the fire was discovered, he was seen to start from the opposite side of the house from where the fire was located. A detective who was guarding a automobile at Vernon and other avenues, that he better watch his own back, as something was likely to happen to it.

Mr. Richard Larsen of 3910 Dorsey avenue also stated that a few days before the fire was discovered he overheard two men talking in the yard beside the Barnard home. Everything is all set, let the law take its course.

When questioned by the detective, Barnard is said to have denied any knowledge of the fire. According to the detective, he was once arrested in Bakersfield on suspicion of burglary. He was also accused of a more serious charge involving a young girl named Violet Shick, recently released from the Whittier school.

The fire in the Barnard home resulted in \$600 loss to the building and \$150 to the contents. The bungalow belonged to E. E. Brugs.

McAdoo Retire to Santa Barbara After Visit to Son.

Former Secretary of the Treasury McAdoo and Mrs. McAdoo passed through Los Angeles yesterday on their return to Santa Barbara after a trip to San Diego, where Mr. McAdoo's son, William G. McAdoo, Jr., reported for duty as an aviator at North Island.

McAdoo recently returned from overseas, and has been visiting his father and Mrs. McAdoo at Santa Barbara before again taking up his work as an army flyer. On their trip by motor to San Diego the McAdoo spent the night as the guests at the home of Douglas Fairbanks at Beverly Hills.

McAdoo is said to have denied any knowledge of the fire. According to the detective, he was once arrested in Bakersfield on suspicion of burglary. He was also accused of a more serious charge involving a young girl named Violet Shick, recently released from the Whittier school.

The fire in the Barnard home resulted in \$600 loss to the building and \$150 to the contents. The bungalow belonged to E. E. Brugs.

BACK TO RETIRET.

McAdoo Retire to Santa Barbara After Visit to Son.

Former Secretary of the Treasury McAdoo and Mrs. McAdoo passed through Los Angeles yesterday on their return to Santa Barbara after a trip to San Diego, where Mr. McAdoo's son, William G. McAdoo, Jr., reported for duty as an aviator at North Island.

McAdoo recently returned from overseas, and has been visiting his father and Mrs. McAdoo at Santa Barbara before again taking up his work as an army flyer. On their trip by motor to San Diego the McAdoo spent the night as the guests at the home of Douglas Fairbanks at Beverly Hills.

McAdoo is said to have denied any knowledge of the fire. According to the detective, he was once arrested in Bakersfield on suspicion of burglary. He was also accused of a more serious charge involving a young girl named Violet Shick, recently released from the Whittier school.

The fire in the Barnard home resulted in \$600 loss to the building and \$150 to the contents. The bungalow belonged to E. E. Brugs.

KEPT HIS LUNCH
MONEY DOWN.

Man Left Home Because His Wife Refused Milk and Car Fare.

The reason why Victor I. Cox did not stay at home, he told Judge Wood yesterday, was that his wife, Leslie E. Cox, was miserly with the money he gave her. When he wanted car fare and lunch money, he said they had an argument. She refused to increase his lunch money one day so that he could buy a 5-cent bottle of milk.

Mrs. Cox was in court on a separate maintenance complaint, which was denied. The court ordered Mr. Cox to pay his wife \$15 a month for the support of his child.

PUBLIC HONORS
FOR FIGHTERS.

First Community Banquet is Given War Veterans.

Highland Park Pays Tribute to its Soldier Sons.

Entire District Represented at Patriotic Dinner.

First to give a community banquet to returned service men, the people of Highland Park last night tendered a public dinner at the Highland Park Elks Club House to eighty returned soldiers and sailors.

The men, who include a number of prominent sons of the neighborhood, were the guests of the entire district.

LINNARD WILL LOOK
OVER CATALINA TODAY

AFTER THAT HE WILL DECIDE ABOUT TAKING OVER THE ST. CATHERINE HOTEL.

D. M. Linnard, who operates the Linnard chain of hotels, which include the Huntington, Maryland, Green and others, announced last night that he will go to Santa Catalina Island today to inspect the Hotel St. Catherine property, for which he is now negotiating with William Wrigley, Jr., principal owner of the island property.

"Whether I do take over the Hotel St. Catherine or not," said Mr. Linnard last night, "I want to say what a wonderful move I think Mr. Wrigley's purchase of Catalina Island means to Southern California. The coming of a man with ideas and wealth and enthusiasm like Mr. Wrigley enhances the value of every foot of property in Southern California, and in Chicago and the East, where Mr. Wrigley is known as a man who does big things in a big way, his purchase of Santa Catalina Island is appreciated as much as, if not more, than it is in Southern California."

"I am in hearty support of every step Mr. Wrigley is taking to make Santa Catalina Island and Southern California known all over the world, and I am inaugurating weekly excursions to be conducted every Thursday, to Catalina from my Southern California hotels."

In addition a guest who sat among some of the men to whom she ministered while overseas was Miss Lillie Hart, a Red Cross nurse who has done valiant service and was in France since practically the beginning.

The programme was furnished by the men themselves, and by the Sammie Sisters, the Misses Lorene and Alberta Davis, who played bugle calls and cornet solos. Toward the end of the evening a preliminary move was made to organize the men into a Highland Park War Veterans Society, a suggestion favorably received by the men.

The guests included men from every branch of the service, many of whom saw action overseas. They were from the Garvan, Highland Park and Sycamore Grove districts. At the head of the hostesses was Miss Mabel Phelps, who stated that the banquet was made possible through the co-operation not only of every citizen, but of every organization of that section of the city.

"We hope to have inspired other sections of the city, or possibly the city as a whole, to honor their returned heroes," she said.

PLAYED INTO JAIL.

Soldier Seeks Coin From Piano After Obliging With Tune.

Tickling the ivories for ten minutes to the tune of 375 was a more ticklish escapade than Albert La Mere, 21, a discharged soldier, imagined at the time.

It seems that when La Mere received his discharge he was required to visit his old acquaintances, among them G. G. Taseop, proprietor of the Crystal, at 661 South Main street. Taseop has a piano in his shop for the entertainment of customers—and for something else.

"Play us a tune," he suggested to the ex-soldier, who obligingly complied with "Madelon, You Are the Only One."

When the musician's fingers touched high E on a run, he found the note did not sound, so lifted the top of the piano and looked in. There he saw a bag containing \$75.

He sat down and played several lively tunes, and then while no one noticed, he slipped out the money and went to the beach. There he spent all the money in a single night, and yesterday Police Judge Chesbro told him that he had had enough amusement for 100 days, and which time he will spend in jail.

BROADWAY PARTY.

The Arthur Latta Employees' Association will, tonight, hold its first party since America entered the war. It will be held on the eighth floor of the Broadway Department Store. There will be dancing, cards, music by two orchestras and an informal programme.

INDETERMINATE SENTENCE.

Henry St. Clair, convicted in recent times for robbing a safe, was sentenced by Judge Willis to from one to ten years at San Quentin.

St. Clair was also accused of the theft of fifty-two sacks of sweet potatoes, valued at over \$100, but this charge was dismissed.

Garland Not to Run.

Not a Candidate for Mayor, Says Realty Man Emphatically.

William May Garland, president of the National Realty Board Association, and one of the leading business men of the city, yesterday vehemently denied the published report that he will be a candidate for Mayor.

"Notwithstanding the high honor of the position, I would not have it under any consideration," Mr. Garland said. "I am not a candidate and never will be. There was absolutely no basis for the statement and I am at a loss to know why it was published."

Mr. Garland further stated that he had unshaken confidence in Mayor Woodman, whom he believes to be one of the best executives the city has ever had.

ACCUSED OF MURDER.

Warrants accusing them of murder, were issued yesterday, against Viola McCloskey and Leon McCloskey, colored, who are alleged to have caused the death of Charles Kempf, 314 1/2 East Fifth street, Tuesday night, by discharging him with a razor cut that commenced at the back of one shoulder and wound around the body.

POR LIGHTING BROADWAY.

The Kerstons Iron and Steel Works yesterday was granted an extension of ninety days in which to start the installation of the new lighting system on Broadway between the tunnel and Tenth streets. The company has been delayed because of its inability to get certain material.

The Best I Ever Used.

This is what Mrs. A. W. Mills, St. George, Utah, says of Chamberlain's Tablets for Biliousness and Constipation. Get them at the drug store. They only cost a quarter.
